

Field Data Recorder (FDR-2)

June 1 2013, Inter Video would like to announce our newest product available for sale and rental [Inter Video FDR2](#).

The FDR2 features include a hardware accelerated raid 5 controller, wide range power supply, integrated AJA IO-XT, multi display output for up to 3 separate 1080p displays.

Built on the 15" MacBook Pro chassis, we replace the boot drive with a 256GB ssd for nearly instant-on availability and add improved cooling capabilities for the CPU and GPU.

Field Data Recorder (FDR-2)
Available for Rental & Delivery June 2013

Technical Specifications:

- 15" MacBook Pro w/256 S.S.D (we can use yours too!)
